

ARE YOUR CUSTOMERS WAITING FOR ONLINE PAYMENTS AND E-STATEMENTS?

Let BDS Help!

What is an E-Statement

An E-Statement is an exact replica of a paper statement except your client will receive the statement via an e-mail link instead of the USPS. By utilizing this service clients will no longer have to pay for paper and postage which can translate into tremendous cost savings!

How does it work?

The clients who wish to receive an E-Statement can sign up from a link off of your website. When BDS processes your regular statements, the selected clients will be e-mailed their statement, while the rest of the statements will be printed and processed as usual.

What is an Online Payment

An online payment is an electronic payment made via a web browser for goods and services by using credit or debit cards.

How does it work?

The clients who wish to view and pay their bill online will be able to sign up from a link off of your website. Once enrolled, the client can easily and securely login and view or pay their bill. Once paid, the monies are processed through your merchant account and automatically deposited into your account! A report is then generated to automatically post into your accounting software.

*subject to compatibility with software to automatically update receivables

Benefits

- * Paper and Postage Cost Savings
- * Improved Cash Flow
- * Direct update to receivables
- * Fewer checks to handle
- * Convenient 24/7 access from any internet connection
- * Information is secure and confidential

"We initially used BDS to generate our utility bills and subsequently started using their new Lockbox service to process our payments. We have been extremely pleased with both services! Speed and quality have both met our standards."

Stacy Kilchenmann, *City of Meridian*
Chief Finance Director

BDS provides quality customer service for a very affordable price. They have continually proven that customer satisfaction is their #1 priority and I appreciate that when the pressures of work start building. The commitment of staff and individuals involved at BDS goes beyond doing a job to receive a paycheck. There is a true loyalty and personal pride possessed which unfortunately is sometimes hard to find in a company

Tracie Lloyd, *Canyon County Treasurer.*
